# Agenda

---

1. Welcome NEW Liaisons!
2. NFPA Update
3. Sustainability Data
4. FGI Update
5. Energy to Care Awards and Chapter Challenge
6. ASHRAE Update
7. Energy Procurement
8. Sustainability Collaboration
9. ICC Update
10. Sustainability Hosted Programs
11. 2021 Webinar Dates
12. Upcoming Events

# Liaison Slide Deck

---

This slide deck will be shared in the myASHE Liaison Community. The slide deck is intended to be used by the liaisons only to assist in sharing information with chapters. The slide deck is not to be shared with others. By downloading the presentation slides, you agree to use it for sharing information purposes only.

# Welcome NEW Liaisons!

# New Liaison Next Steps

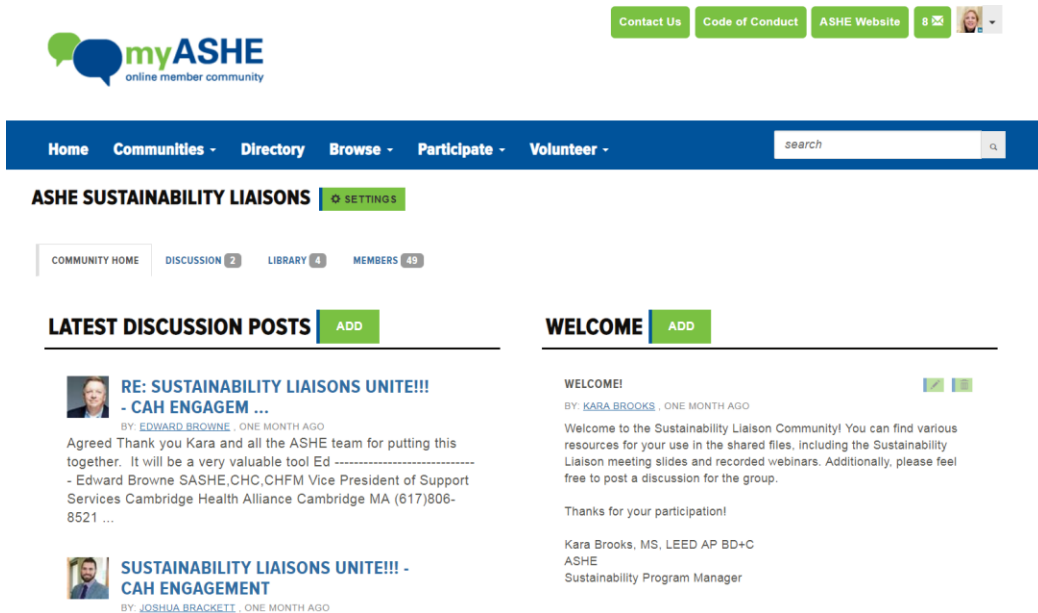

---

- Step 1: You made it here!
- Step 2: Contact Benjamin Leutze (bleutze@aha.org)
- Step 3: Review content on the community
- Step 4: Ask questions
- Step 5: Start a conversation
- Step 6: Attend meetings
- Step 7: Report to your chapter

# myASHE – Liaison Community

Updates posted regularly on myASHE

The screenshot displays the myASHE online member community website. At the top, there is a navigation bar with links for Home, Communities, Directory, Browse, Participate, and Volunteer, along with a search bar. Below this, the main content area is divided into two columns. The left column features a section titled "ASHE SUSTAINABILITY LIAISONS" with a "SETTINGS" button. Underneath, there are tabs for "COMMUNITY HOME", "DISCUSSION 2", "LIBRARY 4", and "MEMBERS 49". The "LATEST DISCUSSION POSTS" section shows two posts. The first post, titled "RE: SUSTAINABILITY LIAISONS UNITE!!! - CAH ENGAGEM ...", is by Edward Browne and discusses the value of the ASHE team. The second post, titled "SUSTAINABILITY LIAISONS UNITE!!! - CAH ENGAGEMENT", is by Joshua Brackett. The right column has a "WELCOME" section with a "WELCOME!" heading and a "WELCOME!" button. It includes a welcome message from Kara Brooks, MS, LEED AP BD+C, ASHE Sustainability Program Manager, and a "Thanks for your participation!" message.

## Energy to Care Dashboard

### Adding value to your organization

Access Dashboard

# Using the Dashboard

[Access Dashboard](#)

[About Dashboard](#)

[Create a New Account](#)

[How to Use the Dashboard](#)

## About Dashboard

ASHE has developed a new Energy to Care Dashboard Tool offering an at-a-glance view of the facility's energy use. Designed to reduce user burden, the new Energy to Care dashboard is easy to use.

There's a misconception that sustainability programs and energy management are time consuming, but they don't have to be. Sometimes the biggest impact to energy savings are made with simple changes. With the Energy to Care Dashboard's benchmarks and monitoring, it only takes 15 minutes a day to impact around half of your facility's budget.

The new dashboard includes a number of features that will provide added benefits to Energy to Care participants, including:

# Create a New Account

[About Dashboard](#)[Create a New Account](#)[How to Use the Dashboard](#)

## How to Create a New Account

You will need the following information to sign up:

- Organization Administrator Name (See [A Note About Energy to Care Dashboard Roles](#))
- Organization Name (Company Name)
- Address
- Telephone
- Email
- Building Name
- Building Address
- Location Type (General Medical and Surgical, Medical Office Building, etc.)
- Time Zone

To create a new account, click the "Access Dashboard" button below and complete the following steps:

[Access Dashboard](#)

1. The button will take you to the Energy to Care Dashboard gateway.
2. Select "Create New Account" under the User Name and Password forms.
3. Select "Request New Organization" to begin the onboarding process.
4. Fill out the Personal Account Information and Organization Information, then Submit Request. Once your organization has been approved, you will receive access to create a building in your account.

Once your organization has been approved, you will receive access to create a building in your account.

### A Note About Energy to Care Dashboard Roles

The new Dashboard provides four possible roles for each Energy to Care User Account:

1. **Existing Organization Administrator:** Select this if you are your organization's existing ENERGY STAR Property Data Administrator.
2. **New Organization Administrator:** Select this if you did not have data shared with ASHE via ENERGY STAR Portfolio Manager.
3. **New Subscriber:** Select this if you are requesting access to buildings in existing organizations.
4. **Existing Subscriber:** Select this if you are requesting access to new hospital buildings in their organization.

The **Organization Administrator** will manage the account for all buildings associated with the organization. Additionally, this individual will allow for subscriber rights to other users, including other organization members and any partner companies that might need access.

### A Note About Data Sharing

Your data will not be distributed or shared with any other entity without the express written consent of the participating health care system. [Click here](#) to review the Energy to Care Data Use Policy. In some instances facilities find it necessary to share their accounts with individuals outside of their organization. In these events, ASHE requires express written consent from the participating facility prior to authorizing users. If you wish to share your Energy to Care Data with individuals outside of your organization complete the Energy to Care Organization Administrator must complete [this form](#) and submit to ASHE [energytocare@aha.org](mailto:energytocare@aha.org). ASHE will provide access to the account once this form has been received.

# How to Use the Dashboard

## New! Energy to Care Dashboard Orientation Workshop™

ASHE's new Energy to Care Dashboard Orientation Workshops provide health care staff and other key stakeholders in the ASHE Energy to Care Program training on the dashboard's tools and features. Participants will review the various service lines offered through the Energy to Care Program and become familiar with the dashboard's energy management capabilities. Additionally, participants will learn how to set up new user and building accounts, navigate through the widgets and menu options, and generate reporting and personalized views for analysis purposes.

## Energy to Care: Data Share Authorization Form

Participation in ASHE's Energy to Care program is free for health care organizations. The privacy of your data is a top priority for ASHE. In some instances facilities find it necessary to share their accounts with individuals outside of their organization. In these events, ASHE requires express written consent from the participating facility prior to authorizing users. In this event, the following form must be completed by the participant's Energy to Care Account Organization Administrator and submitted to ASHE at [energytocare@aha.org](mailto:energytocare@aha.org). ASHE will provide access to the account once this form has been received.

I, \_\_\_\_\_ am the authorized representative of  
(Name of Organization Administrator)

# FGI Update

# Laura's Law – Security and Video Surveillance

---

## Emergency Access

- Video Surveillance System at public entrances
- Duress alarm system where entrances are locked

# Critical Access Hospitals

---

- New chapter application language of CAH chapter
  - This chapter applies to any ~~hospital designated as a participant in a federal critical access~~ hospital or any other small hospital not in the critical access hospital program that is limited to 35 beds or fewer.
- Changes the number of patient rooms contained in a patient care unit from 25 to 35

# Specific Requirements for Extended Stay Centers

---

Extended stay centers are intended for patients who are stable and do not need intensive monitoring or hospital-level care but—because of distance, travel limitations, lack of a caregiver at home, or more time needed to manage pain or bodily functions—may not be able to go home the same day as a procedure or visit to an emergency facility.

# ENERGY TO CARE AWARDS AND THE CHAPTER CHALLENGE

# Energy to Care Awards

- Award video [www.energytocare.org/energy-care-award-programs](http://www.energytocare.org/energy-care-award-programs)

**Celebrate the Energy to Care 2020 Award winners. To see this year's recipients click on each of the awards below.**

Managing a health care facility is hard work. It's important to celebrate when you and your team achieve substantial energy savings that improve your organization's bottom line – all while benefiting the environment and greater community.

Participate in an Energy to Care award program or engage in an ASHE Chapter Challenge to gain the recognition your team deserves and help your organization promote its commitment to sustainability.

# ASHRAE Update

# ASHRAE Overview

---

- ASHRAE/ASHE 170 Ventilation for HC Facilities
  - To republish 2021 Edition
  - To be included in 2022 FGI Hospital and Outpatient Guidelines
- ASHRAE 100 Energy Efficiency in Existing Buildings
  - ASHE representation on the SSPC
- ASHRAE 514 Minimizing Risk of Disease and Injury Associated with Building Water Systems
  - Advisory Public Review April 2021
  - Watch for ASHE announcement

# ASHRAE Public Review

---

- 45 Day Public Review 29 January – 15 March
  - ASHRAE 90.1 Addendum y – Revisions to table 6.8.1-16 Heat Pump and Heat Recovery Chiller Packages Minimum Efficiency Requirements
- 30 Day Public Review 26 February – 28 March
  - ASHRAE 189.1 Addendum c – Simplifies the requirements for hot-water distribution by eliminating specific instructions for calculating pipe volume
  - Guideline 12 Addendum b - reference to the potential use of alternate heat sources, such as electric heat trace, alone or as a supplement to recirculation

# ASHRAE Public Review

---

- 30 Day Public Review 5 March – 4 April
  - ASHRAE 188 Addendum c – Updates requirements for external airflow restrictions or obstructions when siting equipment
  - ASHRAE 90.1 Addendum z – Updates the track lighting requirement
  - ASHRAE 90.1 Addendum aa - Corrects the SI fan power values in Appendix G
  - ASHRAE 90.1 Addendum ac - Updates the Exceptions to Interior Lighting Power and Minimum Control Requirements found in Table 9.2.3.1

# ASHRAE Public Review

---

- 45 Day Public Review 5 March – 16 April
  - ASHRAE 90.1 Addendum ab - Change to the wording of Section G3.1.1 to help clarify the process of selecting baseline HVAC systems when using Appendix G Performance Rating Method (PRM).
- Watch for notices within

## **CODES & STANDARDS**

### **Health care ventilation standard open for public comment**

A proposed addendum to Standard 170-2017, Ventilation of Health Care Facilities, is open for public comment.

# Speaker Requests

- Request a speaker
  - Advisory Board
  - Education
  - Staff
- ASHE Speaker Bureau –  
<https://www.ashe.org/affiliated-chapters>
  - Chapter Leader Resources

ASHE can provide your chapter with many opportunities to provide great education for your chapter members. To request an ASHE speaker or an ASHE course for your chapter event, please fill out the request form below.

Note: This form does not guarantee the availability of the course or the speaker.

**Chapter \***

**Your Name \***  
First and Last

**Position Held In Chapter**

**Your Phone Number \***

**Your Email Address \***

**Title of Event \***

**Host a Course or Host a Speaker \***  
ASHE offers significant savings to chapters that want to host some ASHE courses for their members. Courses are typically 1/2 day or full day in length. Select the option to "host an ASHE course" to explore those options.  
Select the "host an ASHE speaker" option if you are looking for single 60 - 90 minute presentation for your chapter members. Choose from a list of selected topics each speaker can provide.

Your selection:  
☐ We would like to host an ASHE course (Requires an additional Fee)  
☐ We would like to host an ASHE speaker (Part of your chapter award benefit)

**Date of Event**

# Energy to Care Newsletter!

---

April 2020

*Welcome to the first issue of the Energy to Care Quarterly Newsletter. We hope it inspires you to reduce energy consumption, providing value to your organization and improving patient care.*
